Relief Care

Relief Care is that care necessary to get rid of your symptoms or pain, but not the cause of it. It is the same as drying a floor that was getting wet from a leak, but not fixing the leak.

Corrective Care

Corrective care differs from relief care in that its goal is to get rid of the symptoms or pain while correcting the cause of the problem. Corrective care varies in length of time, but is more lasting.

I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. Furthermore, I understand that the Doctor's Office will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to the Doctor's Office will be credited to my account on receipt. However, I clearly understand and agree that all services rendered me are charged directly to me and that I am personally responsible for payment. I also understand that if I suspend or terminate, any fees for professional services rendered me will be immediately due and payable.

I hereby authorize the Doctor to treat my condition as he or she deems appropriate. It is understood and agreed the amount paid the Doctor, for x-rays, is for examination only and the X-ray negatives will remain the property of this office, being on file where they may be seen at any time while a patient of this office. The patient also agrees that he/she is responsible for all bills incurred at this office.
